Land in Ethiopia

We continue to pray and search for land for Bethel Bible Baptist Church in Ethiopia. We have been in talks for certain properties near the current church. This has been a long ordeal with so much red tape. We pray we are able to complete this at Gods timing. We know He has a plan for this church. We thank all of you have given and continue to give. All the funds are in the BBFI account and once we are able to purchase the land it will go in the BBFI name to secure the property. We have taken a few steps back as we are needing \$60,000 to get to our goal of \$200K to begin looking again for a quick purchase. Please pray for this need in Ethiopia.

We would love to come and share

We are currently booking new and current partner churches to come and share what the Lord is doing in Africa through our role as Africa Missionaries with MANNA Worldwide. You can contact us at d.wright@mannaworldwide.com

Ethiopia Ministry

We are thankful for the **partnership with Bethel Bible Baptist Church in Ethiopia.** This past month for Christmas we were able to partner with them to hand out much-needed cooking staples to all the MANNA kids families so they could celebrate Christmas in a special way with their family. Along with this ministry we were able to **give the Gospel message** and invite them to be a part of the work God is doing in this village. God is working in and through this church plant. They currently are looking for property to purchase, which will give them a permanent place to SHINE for Christ. **Please pray** for this ministry as war in the north has affected some of the families in this church. We hope to take a team in late 2023 early 2024 to minister to the people of Ethiopia. The MANNA Nutrition center at this Church has opened the door to connect with families in the community. We currently have 16 families we are blessed to minister to. We pray we **can partner with more local churches** in helping them **share the Good News of the Gospel.**
